## CRT 36

Ride-on Trowels

### The better choice for finishing concrete surfaces: CRT 36

The ride-on trowels of the CRT 36 range feature a finishing diameter of 915 mm and are characterized by high productivity and user comfort. One person can easily and simply operate the practical, integrated wheel set from the rear. There are no annoying additional controls at the front. That means the operator has more freedom when using the device.

- Optimum maneuverability thanks to its balanced power-to-weight ratio
- Sensitive, ergonomically designed 2-lever controls
- Variable coupling: For constant engine torque at low and high rotor speeds
- Good visibility thanks to front and rear lights as standard – especially on night operations

Integrated wheel set

The integrated wheel set makes changing the blades quick and easy.
