

TECHFLEX®

Black PVC Heavy Duty LAY FLAT HOSE 黑色PVC 高壓扁喉

本產品廣泛應用於農業、建築業、工業，採礦和海洋行業等排污系統。採用特殊加工的高強度滌綸工業長絲編織，壓力高。具有抗腐蝕，耐酸，耐老化，防曬，移動方便等特點。

Applications:

- This hose is designed as a standard duty hose for water discharge in agricultural irrigation, industrial and construction
- It is economical and rolls up flat for easy and storage, resists kinking and twisting.

Product Features:

Working temperature: -10 °C -65 °C

- Choosing high-strength dacron line, high quality PVC raw material.
- One-step molding product, lining and plastic coated process once complete and more uniform distribution of raw materials, no crystal point, without air hole, inside and outside the wall smooth.
- Acid corrosion resistance, high working pressure, anti-aging, **anti-UV**, non-toxic, extension ability.

Marking: **TECHFLEX® PVC Heavy Duty Lay Flat Hose 6"**

Specification:

Size	O.D.	I.D	Working Pressure	Bursting Pressure	Standard Length	Weight
inch	mm(+/-5%)	mm(+/-5%)	bar	bar	m(+/-5%)	kg/m(+/-5%)
2	53	51	6	18	100	0.4
3	79.4	76	10	30	100	0.6
4	107	102	10	30	100	1
6	158.4	152	8	24	100	1.6
8	203.4	200	5	15	100	2.2
